At [Heylo](#), we're on a mission to help people be healthier and happier through groups. Join us!

Each group on Heylo has their own dedicated space. It can be branded with the group logo and colors, and it contains a series of tools for the leaders to organize events, streamline communications, manage members, and collect payments so people can meet, get together, and ultimately belong.

To build a meaningful community, authenticity is a must. On Heylo, everyone is encouraged to use their real name and photo and show up the way they want to be seen, in real life.

Heylo is available everywhere your members are - in an app or on a browser, from the phone, tablet, or computer. It's also integrated with email, so even if your members don't sign up, they can still get the most important info from your group, right to their inbox.

We get it—moving your group is a big decision. That's why you can try [Heylo first](#), at no cost, and see if it's a fit. No pressure, just possibilities.
