Once you have signed up with Heylo, you can log in from any device by [logging in](#). Be sure to use your same authentication method. Google Authentication sign-ups, for example, must select the Google option and cannot log in via email.

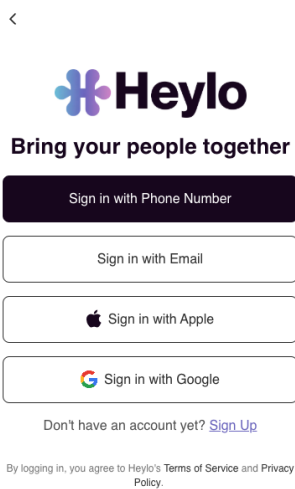

To log in

1. Visit <https://app.heylo.co/login>

The screenshot shows the Heylo login interface. At the top is the Heylo logo and the tagline "Bring your people together". Below this is a "Phone Number" input field with a country code dropdown set to "+1" and a US flag. A "Continue" button is positioned below the input field. There are also links for "Can't find your account? [Try another way.](#)" and "Don't have an account yet? [Sign Up](#)". At the bottom, there is a small disclaimer: "By logging in, you agree to Heylo's Terms of Service and Privacy Policy. Heylo is protected by reCAPTCHA and the Google Privacy Policy and Terms of Service apply."

2. Enter phone number. Or, if you used email, Google Authentication, or Apple authentication previously, select "Try another way"

The screenshot shows the Heylo login interface with a back arrow in the top left. The Heylo logo and tagline "Bring your people together" are at the top. Below are four sign-in options: "Sign in with Phone Number" (highlighted in a dark purple button), "Sign in with Email", "Sign in with Apple", and "Sign in with Google". There is a link "Don't have an account yet? [Sign Up](#)" and a small disclaimer at the bottom: "By logging in, you agree to Heylo's Terms of Service and Privacy Policy."

3. Provide your credentials

To prevent duplicative accounts, verify your phone number! Or, to switch a sign-up method, [get in](#)
